

Message from the President

In the flurry of the holiday season, and as the end of 2017 approaches, your chapter is hard at work preparing for another great year with programs geared to serve our busy members.

In the new year we'll be voting on the slate of candidates for 2018-19 during the January 3 luncheon. You will see the proposed slate of candidates listed below. We are grateful for these volunteers and their commitment to serve our chapter and the profession!

Our popular and well-attended Federal Tax Update is planned for January 3. Steve Tillinger will be our instructor and this year's event will be held at the Midland Country Club. On January 25-26, Dr. John Tripp will join us to teach Oil & Gas Taxation: Fundamentals and Advanced. Participants have the choice of attending one day or both. All of the details about both programs can be found in this issue.

PBTSCPA wishes all of you a merry, bright, happy, and healthy holiday season!

I look forward to seeing you all soon.

D'Anne McNaughton, CPA
2017-2018 Chapter President

Oil & Gas Taxation: Fundamentals and Advanced January 25-26, 2018 at the Midland Country Club SAVE THE DATE

We have a new instructor this year, Dr. John Tripp. Registrants will have the choice of signing up for one day or both days.

Oil & Gas Taxation--Fundamentals

Oil and gas taxation is premised on unique concepts and has many detailed and complex calculations. Finding the answers to tax questions in this area can be difficult and time consuming. This seminar will review current developments in oil and gas taxation and the major tax principles applicable to the industry. In addition, the seminar will analyze the oil and gas Market Segment Specialization Program (MSSP) Audit Guide issued by the IRS to identify important audit issues for IRS Agents. The analysis of the MSSP will also highlight the IRS' position on various oil and gas tax questions, cases and revenue rulings. Recently published oil and gas industry Coordinated Issue Papers will also be discussed.

Oil & Gas Taxation—Advanced

This program will provide experienced practitioners with in-depth coverage of complex issues encountered in the acquisition and disposition of oil and gas properties and other tax issues relating to upstream oil and gas operations.
